

The **BEST**  
Floor Finish  
in the World.  
Period.

**CASTLEGUARD**®  
HIGH SOLIDS METAL INTERLOCK FINISH

**Buckeye**®

**Castleguard**® is specifically formulated to counter the high labor costs associated with hard floor care. This floor finish has provided savings of 30% and more! How? **Castleguard** is non-yellowing and non-powdering, which extends your strip cycle and saves many labor hours. **Castleguard** is extremely durable...it resists scuff marks and looks great month after month, even with extremely heavy traffic.

One coat of **Castleguard** equals two coats of most conventional floor finishes. **Castleguard** may be applied to virtually all hard floor surfaces to provide beauty and protection beyond your expectations.

**Castleguard**'s exceptional depth of gloss brings out the hidden beauty of your floors with a "wet look." Its slip-resistant surface promotes safety. See for yourself why supermarkets, retail stores, hospitals, schools and building service contractors call **Castleguard** the "best floor finish in the world."

# The King of Floor Finishes™

**FEATURES**

**ADVANTAGES**

**BENEFITS**

Superior gloss

Presents professional image

Improves worker morale

Increases customers' confidence in cleanliness standards

Can be used with all burnishing programs & on most floor surfaces

Reduces dollars needed for inventory of multiple finishes

Excellent response to burnishing

Improves worker morale for a job well done

Increases customers' confidence in cleanliness standards

Consistently shiny floors

## **DIRECTIONS FOR USE:**

### **Preparation:**

1. Strip floor thoroughly using the appropriate Buckeye stripper.
2. Rinse floor with clear water, changing rinse water frequently to prevent redepositing of dirt and stripper residue.
3. Allow floor to dry thoroughly before applying **Castleguard**.

### **Application:**

1. Use a clean rayon mop and clean bucket.
2. Saturate mop with **Castleguard**.
3. Press mop into wringer to remove excess finish. Do not wring mop.
4. Apply **Castleguard**. Best results may be attained by applying medium to full coats.
5. Allow each coat to dry 20 minutes under normal room conditions.

### **Maintenance:**

1. Dust mop floors with an **Aqua Dust™** treated mop.
2. Damp mop as required using **Buckeye Blue**, **Straight-Up®**, or **Crossbow®**.
